COMPOSITION

100% Sauvignon Blanc

VINEYARDS

The grapes used come from our vineyard situated in Tupungato, Mendoza at over 1300 m.a.s.l. (4300 feet). This region is characterized by its wide temperature ranges allowing for the production of grapes with very intense colors and avors. Ideal to elaborate naturally concentrated wines which are suitable for aging. Our vineyards are equipped with a drip-irrigation system that allows us to adjust and supply the exact amount of water that plants require. Canopy management is performed in order to obtain a yield of less than 10.000 kg per hectare. Clusters generally carry small-sized berries, and have adequate exposure to the sun in order to preserve the aromatic characteristics.

WINEMAKING

Grapes handpicked Fermentation in stainless steel tanks at low temperatures. Unoaked.

TASTING NOTES

It has a pale green color with an attractive steely or silver tone, brilliant young nuance. Intensely revealing aromatic citrus notes such as pink grapefruit, mineral notes, and some subtle notes of wild herbs. Fresh and citric in the mouth, with a very agreeable and balanced acidity. Serve at 9°C (48°F).
